

> **euroAtlantic airways opens vacancies for professional internships**

25-06-2013

Vida económica

euroAtlantic airways (EAA) is pleased to report that it is offering internships to young graduates, who have completed a degree in less than three years, at the Commercial, Accounting and Financial departments.

Those who are interested and able to complete the requirement, can do so through the Employment and Vocational Training Institute (IEFP) of the Portuguese Ministry of Employment or through the Employment Passport mode. The internships will last for 12 months, being paid according to the operative regulation, and held at the EAA headquarters and offices in Quinta da Beloura, Sintra, or at the company's facilities at Lisbon Airport and Figo Maduro, Prior Velho, Loures.

Applications will also be accepted through the EAA website, www.euroatlantic.pt, by filling the application form.

About euroAtlantic airways; The company founded and majority-owned by its current Chairman of the Board / CEO, Tomaz Metello, pioneered the tourist intercontinental flights to Brazil. The EAA fleet of U.S. origin, a Boeing B777-200ER (Triple Seven), three passenger Boeing 767-300ER, one B767-ER BDSF (Bede Special Freighter), a Boeing 737-800 and a Lockheed Tristar L1011-500.

EAA operates in over 1,700 airports worldwide, being the largest institutional shareholder of STP AIRWAYS, holding 37% stake in the Sao Tome and Principe national carrier. The application of selection and training criteria brought two Business Initiative Directions (BID) "Quality Gold Stars" to the company, in an assessment conducted in 43 countries; among the requirements for this award, we highlight the continuous training of its boards.
