

STP AIRWAYS reopens office in Lisbon code-share flights with euroAtlantic

The company **STP AIRWAYS (STP)** of São Tomé and Príncipe informs the market and the São Tomé community in Portugal, as its customers and the general public, have already reopened its sales store **on Avenida João XXI, 11D in Lisbon**. **STP AIRWAYS** further clarifies that access to the interior of the store is subject to the preventive rules to combat the pandemic of **COVID-19**, and is working at reduced hours.

From Monday to Friday, 10:00 to 13:00 and 14:00 to 17:00 hours

STP AIRWAYS of São Tomé resumed on **July 3, 2020** regular direct connections between São Tomé and Príncipe and Portugal, on flights operated with **euroAtlantic airways (EAA)** aircraft, in code-share regime, performing one (1) weekly flight, on Fridays. The Portuguese company **EAA** is a shareholder and manager of the São Tomé company, jointly with the **State of São Tomé e Príncipe** and a third private investor. The **EAA** member of the **Portuguese Association of Travel and Tourism Agencies, APAVT**, has been disseminated within the national Travel Agents and in the Tourism sector and network the **STP AIRWAYS** brand, promoting the “Ecuador’s Paradise” postcard in the Portuguese and European market .

The positioning of the heart brand **STP AIRWAYS** for the São Tomé consumer is reciprocated to customers, with the unique conditions that **EAA's Boeing B767-300ER** allows. Like regular **euroAtlantic flights** to Guinea-Bissau, **STP** on intercontinental flights, offers an extraordinary benefit on flights to and from Africa. Passengers benefit from extraordinary savings for their wallets, being able to carry two hold bags with **30 kg of luggage**, in addition to a piece with **05 kg in the cabin (total 65 kg)**, which is very relevant when leaving Europe.

STP AIRWAYS warns its customers that until the discovery of a vaccine for the **new Coronavirus**, there are new ways to travel safely, rules that airlines have been forced to adopt. Passengers on **STP** flights from the age of four (**4**) are required to present a **COVID-19** test carried out **72 hours** before departure and to wear a surgical mask at the terminal and during the flight, and must have a stock that allows them to change after four (**4**) hours. Upon arrival in São Tomé, they are subject to thermal screening. The **state of São Tomé and Príncipe**, with the support of the **World Health Organization (WHO)**, is being a notable example in border controls and in combating the pandemic.
